Orig. Code(s): 5951, 6360

## Management of Food Services

The North Marion School District will provide lunches and breakfasts through a food service program in all schools. The district will participate in the National School Lunch and School Breakfast Programs in accordance with established guidelines.

Lunch and breakfast sales and other revenues from the food service programs will offset direct costs. Indirect costs and other expenses may be subsidized by the district.

Meal prices will be established annually by the Board. The district will participate in the free or reduced price lunch program.

The food services manager will prepare such reports and will keep such records as are required by the National School Lunch and School Breakfast Programs and state laws and as requested by the Board.

The superintendent will report to the Board at least annually on the food service program or at other times by Board request.

In keeping with health department guidelines, only food prepared in an inspected kitchen should be available in the schools.
