Enrollment Projections

Enrollment projections will be prepared at the direction of the superintendent and will be reviewed and updated annually.

Projections will take into consideration the following;

1. Figures from the latest school census;
2. School registration figures;
3. Review of forthcoming changes in town planning and zoning;
4. Review of current and planned community land development and housing projects.

Whenever construction of new school facilities is being contemplated, the Board may authorize outside studies made of population trends and school enrollment.

Each fall, the administration will project elementary enrollment (separately for kindergarten and for grades 1-6) for the following fall and in addition will prepare the best possible assessments of enrollments two (2), five (5) and ten (10) years in advance. These projections will be reported to the Board each November.
