

Criminal Records Checks/Fingerprinting

All newly hired employees shall be required to submit to a statewide and nationwide criminal records check and fingerprinting as determined by the district and allowed or required by law. Individuals contracting with the district and their employees, who have direct, unsupervised contact with students, shall also be required to submit to a nationwide criminal records check and fingerprinting.

The Board will require an Oregon criminal history check for other individuals considered for use as volunteers for the district who have direct, unsupervised contact with students.

The district shall not begin the employment of an individual volunteer service or terms of a district contractor on a probationary basis pending the return and disposition of such checks.

An individual who has failed to disclose the presence of criminal convictions that would not otherwise prevent his/her employment with the district as provided by law will not be employed or contracted with by the district.

Criminal records checks and fingerprinting fees as required by the Teacher Standards and Practices Commission shall be paid by the individual. Fees as required for all other individuals subject to fingerprinting shall be paid by the individual. Fees required for all other individuals subject to criminal records check shall be paid by the district.

Employees not requiring licensure may request that the required fees be withheld from the employee's paycheck. Such fees may be deducted only upon the request of the individual.

The superintendent is directed to develop administrative regulations to meet the requirements of applicable Oregon Revised Statutes and Oregon Administrative Rules.
