

Grading System

The district's grading system shall be based on Board-adopted course content and is designed to enable the student and parent to clearly know how well the student is achieving course requirements at the student's grade level, and be based on the student's progress toward becoming proficient in a continuum of knowledge and skills.

Letter grades will be used in the district.

Regular periods during the year shall be set aside for the formal reporting of the student marks (grades) and shall be indicated in the school calendar.

At the beginning of the grading period students and parents will be informed regarding the basis of the grades and the methods to be used in determining them.
