**Handbooks**

In order that pertinent Board policies, regulations, school rules and procedures may be known by all staff members, patrons, student and parents affected, district administrators and principals are granted authority to issue staff and student/parent handbooks.

It is essential that the contents of all handbooks conform with districtwide policies and regulations. It is also important that all handbooks bearing the name of the district or the school be of a quality that reflects favorably on the district. The Board, therefore, expects all handbooks to be reviewed by the Board and approved by the superintendent or designee before publication.

The Board may review and approve district personnel handbooks in order that the contents may be accorded the legal status of Board-approved policy and regulation. The superintendent will use his/her judgment as to whether other specific handbooks need Board approval. All handbooks published are to be made available to the Board for informational purposes.
