Courses for Middle School Students

The district encourages students to perform at the highest level possible in their course work. Recognizing that some upper level elementary school age students are able to master existing high school curriculum, it is the policy of the district to allow eighth grade students, who are qualified, to take designated high school classes/courses. High school credit may be granted. Credits taken before grade nine will be used to reduce the 24.5 units of credit to be completed in grades 9 through 12 for high school graduation.
