Early Graduation**

A student who wishes to graduate from high school in less time than the ordinary grade 9-12 sequence may request permission to complete graduation requirements on an altered schedule. The student and his/her parents will consult with high school guidance personnel in order to develop a graduation plan. Their intention to accomplish this plan will be stated in writing to the superintendent, at least one year in advance of the proposed graduation date.

Upon prior recommendations of the superintendent and with Board approval, a student who has successfully completed the junior year with fewer than the required credits for graduation, and is then accepted at an accredited four-year college, may receive his/her high school diploma if, at the completion of the first semester, he/she has successfully completed the district minimum diploma requirements.
