Superintendent's Consulting Activities

The Board expects the Superintendent to devote full attention and energy to the concerns of the district. The Superintendent may not be engaged in any other employment nor in long-term consulting assignments.

Should the Superintendent be invited to participate in the professional activities such as those of the administrative organization or the Oregon Department of Education, the Board will consider such invitation light of: 1) benefits to and needs of the district, 2) benefits to the professional growth of the Superintendent, and 3) needs of the educational community at large. Any such task that requires the Superintendent's absence from the district should have Board approval.
