

Development and Board Review of Regulations

The Board delegates to the Superintendent the function of specifying required actions and designing detailed arrangements under which the District will implement Board policy. These detailed arrangements constitute the regulations governing the District.

The Superintendent will consider the input of staff, student, and community organizations regarding those regulations. The Superintendent will inform the Board of such input in presenting regulations for Board action.

The Board will adopt regulations when state laws require such action. The Board may also adopt regulations when the Superintendent requests such action.

The Board reserves the right to review all administrative regulations and procedures, but it will reject or revise them when, in the Board's judgment, they are inconsistent with philosophies, policies, or regulations set by the Board.
