Funding Proposals and Applications

Grants and aid are sometimes available from either the federal or state government.

The Board will consider all such grants as meet with district adopted goals and objectives. All legal and worthwhile financial resources, especially those that will alleviate the local tax burden, will be pursued.

Every presentation to the Board regarding pursuit of outside funding must include what obligations, expectations or encumbrances will exist when the grant ceases.

The Board will consider requests for grants that meet the goals, have the recommendations of the superintendent and are explained fully before the grant is requested. The Board reaffirms its veto power over all grants before formal acceptance of funds.
