District Purchasing

The function of district purchasing is to serve the educational program by providing the necessary supplies, equipment and services. The Board declares its intention to purchase competitively without prejudice and to seek maximum educational value for every dollar expended. The acquisition of services, equipment and supplies is centralized in the business office which functions under the supervision of a person designated by the Board. All purchasing transactions are conducted through this office.

The business manager is appointed by the Board to serve as purchasing agent. He/She will be responsible for developing and administering the district's purchasing program.

No obligation may be incurred by any officer or employee of the Board unless that expenditure has been authorized in the budget, by Board action and/or Board policy. In all cases calling for the expenditure of district money, except payrolls and approved contracts, a requisition and purchase order system must be used.

No purchase, with the exception of a petty cash purchase, will be authorized unless covered by an approved purchase order. No bills will be approved for payment unless purchases were made on approved orders.

The superintendent or designee is authorized to enter into and approve payment on contracts obligating district funds for products, materials, supplies, capital outlay and services that are within current budget appropriations.

The Board shall approve all contracts that are collective bargaining agreements or service contracts that include the provision of labor performed by district employees, such as custodial, food service and transportation services.

The business manager will review bills due and payable for the purchase of supplies and services to determine if they are within current budget appropriations. After review, the business manager or business manager's assistant will direct payment of the just claims against the district. The business manager is responsible for the accuracy of all bills and vouchers.

No Board member, officer, employee or agent of this district shall use or attempt to use his/her official position to obtain financial gain or for avoidance of financial detriment for himself/herself, a relative, a household member or for any business with which the Board member, relative or household member is associated.
