

North Santiam School District

Code: **EBC**
Adopted: 7/01/96
Readopted: 12/18/98

Emergency Procedures

The district will maintain a plan specifying procedures to be used in such emergencies as disorderly behavior; unlawful assembly; disturbances at school activities; natural disasters; fire; illness or injury of a student or staff member; and use of force on school property. The Superintendent will consult with community and county agencies while developing this plan.

The emergency procedures plan of the district will meet or exceed the minimum standards of the State Board of Education.

Copies of the emergency procedures plan will be available in a variety of places, including the office of each administrator. Parents will be informed of the district's plan for the care of students during an emergency situation.

There is an emergency evacuation plan which describes a primary and secondary escape route for each room and/or area of the building.

Teachers are to become acquainted with the plan so as to instruct students regarding each particular area of the building, the main escape route and an alternate route in the event of fire or other emergency. Plans for dealing with bomb threats will be developed by the administrative team.
