

North Santiam School District

Code: **IGAM**
Adopted: 7/16/98
Readopted: 9/15/11

Distance and Online Learning

The district supports distance and online learning as a viable methodology for delivering direct classroom instruction, program enrichment and staff development.

Licensed teachers may be assigned to or apply for a distance or online learning program for students. All teachers working with students in the Aventa online program will be highly qualified in the subject area they are teaching. Teachers offering instruction via live, interactive satellite must hold a current license either from the employing state or Oregon and passing a nationally recognized basic skills test.

The district may contract with the Superintendent of Public Instruction to provide online courses through the Oregon Virtual District. The district may also allow students to access the online courses offered by the Oregon Virtual District or through a contracted online program such as Aventa.
