

Reporting of Suspected Abuse of a Child

Reporting

Any district employees having reasonable cause to believe that any child with whom the employee comes in contact has suffered abuse, or that any person with whom the employee comes in contact has abused a child, shall orally report or cause an oral report to be immediately made by telephone or otherwise to the local office of Oregon Department of Human Services or to a law enforcement agency within the county where the person making the report is at the time of his/her contact. The district employee should also immediately inform his/her supervisor, principal or personnel director.

If known, such report shall contain the names and addresses of the child, the child's parents or other persons responsible for the child's care, the child's age, and the nature and extent of the suspected abuse, the explanation given for the suspected abuse, any other information which the person making the report believes might be helpful in establishing the possible cause of the suspected abuse and the identity of a possible perpetrator.

A written record of the abuse report shall be made by the employee who suspects abuse of a child. The written record may be made using the North Santiam School District abuse reporting form which includes at a minimum:

1. The name and position of the person making the report;
2. The name, address of the child, the parents or other person responsible for the child's care;
3. The name and position of any witness to the report;
4. A description of the nature and extent of the abuse, including any information which could be helpful in establishing cause of abuse and identity of the abuser;
5. A description of how the report was made (i.e., phone or other method);
6. The name of the agency and individual who took the report;
7. The date and time that the report was made; and
8. The names of persons who received a copy of the written report.

The written record of the abuse report shall not be placed in the student's educational record. A copy of the written report shall be retained by the employee making the report and a copy shall be provided to the superintendent.

When the district receives a report of suspected abuse of a child by one of its employees and the personnel director determines that there is reasonable cause to support the report, the district shall place the district employee on paid administrative leave until the Oregon Department of Human Services or a law enforcement agency either: 1) determines that the report is unfounded or that the report will not be pursued; or 2) determines that the report is founded and the education provider takes the appropriate disciplinary action against the district employee. If the Oregon Department of Human Services or a law enforcement agency is unable to determine whether the abuse of a child occurred, the district may either reinstate the employee or take disciplinary action at the district's discretion.

The written record of each reported incident of abuse of a child, action taken by the district, and any findings as a result of the report shall be maintained by the district.

Confidentiality of Records

The name, address, and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

The disciplinary records of a district employee or former district employee convicted of a crime listed in ORS 342.143 are not exempt from disclosure under ORS 192.501 or 192.502. Therefore, if a district employee or former employee is convicted of a crime listed in ORS 342.143, the district that is or was the employer of that employee when the crime was committed shall disclose the disciplinary records of the employee to any person upon request. Cooperation with Investigator

The district staff shall make every effort in suspected child abuse cases to cooperate with investigating officials as follows:

1. Any investigation of abuse of a child will be directed by the Oregon Department of Human Services or law enforcement officials as required by law. When an administrator is notified that the Oregon Department of Human Services or law enforcement would like to interview a student at school, the administrator must request that the investigating official demonstrate that he/she has a warrant, court order, exigent circumstances or parental consent to interview the student. Failure to meet one of these criteria may result in the administrator's refusal to allow the student interview on school property. If the student is to be interviewed at the school, the principal or representative shall make a conference space available. The principal or representative of the school may, at the discretion of the investigator, be present to facilitate the interview. Law enforcement officers wishing to interview or remove a student from the premises shall present themselves at the office and contact the principal or representative. The officer shall sign the student out on a form to be provided by the school;
2. When the subject matter of the interview or investigation is identified to be related to suspected child abuse, district employees shall not notify parents;
3. The principal or representative shall advise the investigator of any conditions of disability prior to any interview with the affected child;
4. District employees are not authorized to reveal anything that transpires during an investigation in which the employee participates, nor shall the information become part of the student's education records, except that the employee may testify at any subsequent trial resulting from the investigation and may be interviewed by the respective litigants prior to any such trial.
