Capital Improvements

To ensure all new and remodeled facilities are designed to best implement the educational program, the superintendent will provide for detailed educational specifications prior to design and construction of new buildings or renovation of existing buildings. All alterations or renovations which are included in the district budget regarding the physical plan shall be approved by the superintendent.

Other projects which are not included in the district budget and which will change the physical appearance of the school plant or site shall be submitted to the principal and the superintendent.

The project must have written approval of the superintendent and Board before any work can begin.

If a project will substantially change the physical appearance of the school plant, the superintendent will refer the matter for possible Board consideration.
