

**North Wasco County  
School District 21**

Code: **IICAA**  
Adopted: 6/8/00  
Readopted: 5/26/04  
Orig. Code(s): The Dalles IICAA

**Field Trips and Extended Field Trips**

The Board recognizes that field trips are beneficial and educational experiences. As such, the Board supports student trips. While respect for the approved curriculum and the value of school time are paramount priorities, trips which might be considered part of the extended curriculum shall be facilitated and approved when planning, organization and supervision have been assured.

Field trips and other student activities involving in-state travel or travel to Klickitat or Skamania counties in Washington may be authorized by the superintendent or delegated representative when such trips or activities contribute to the achievement of desirable educational goals. In planning and authorizing such trips, primary consideration will be given to educational values derived and the safety and welfare of the students involved.

An extended field trip is a planned activity related to, but not part of, the approved district curriculum in which school personnel and students leave the community for more than one day. This trip may take place when school is in session or not in session.

All other out-of-state or out-of-country travel must have prior Board approval.
