**High School Classes/Courses for Pre-Grade 9 Students**

The district encourages students to perform at the highest level possible in their course work. Recognizing that some pre-grade 9 students are able to master existing high school curriculum, it is the policy of the district to allow these students, who are qualified, to take designated high school classes/courses. High school credit may be granted, if students taking pregrade 9 courses are required to meet performance criteria that are equivalent to the performance criteria for students taking the same high school classes. Credits taken before grade nine will be used to reduce the units of credit to be completed in grades 9 through 12 for high school graduation.

END OF POLICY
