Early Entrance

The Board recognizes that some students can benefit from an early kindergarten or first-grade placement. Oregon law permits school districts to allow students whose needs for cognitive, social and physical development would best be met in the school program to be admitted to kindergarten or first grade prior to reaching the appropriate age by September 1. The district is committed to enhancing the educational opportunity of the developmentally advanced child through early school experience.

Should the district receive a request for early entrance to kindergarten or first grade, the administrative procedure will be followed.
