Promotion and Retention of Students**

The Board is dedicated to total and continuous development of each student enrolled. The professional staff are expected to place students at the grade level best suited to them academically, socially and emotionally.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the students involved. Teachers must notify the principal of these students, make a recommendation to the principal concerning their promotion/retention and hold a conference with parents. Both parties must agree in cases of retention. In the event both parties do not agree, the student will be moved forward.

Parents have the option to appeal a decision to the superintendent.
