The assessment program in the district shall be for the purpose of program improvement for the district as a whole and for individual students.

The district shall maintain the following assessment program:

1. Performance-based assessments with results reported to the Board and parents;
2. Annual statewide benchmarks, as required. Results reported annually to the Board, parents and community;
3. Criterion referenced assessment in selected areas/programs;
4. Content-based assessments;

The district shall make additional services or alternative educational or public school options available to any student who has not met or has exceeded all of the state-required academic content standards. Additionally, students in school receiving Title I moneys that have been identified as in need of improvement, corrective action or restructuring by ODE will be provided supplemental services and public school options as required by law.

The district shall not discriminate in the methods, practices and materials used for assessment, evaluating and counseling students on the basis of race, color, national origin, religion, sex, sexual orientation, age, disability or marital status. Discrimination complaints shall be processed in accordance with established procedures.

Staff will receive in-service education in the use of designated assessments and interpretation of assessment results.

A periodic review and evaluation of the district's assessment program will be conducted.
