Management Team

The management team is organized on the premise that the multiple responsibilities of the superintendent can be better served by establishing a means which will permit the best thinking of all staff members to be brought to bear on school problems. Although the Board and the superintendent cannot absolve themselves from legally constituted responsibilities, the team provides for a two-way flow of information.

Members of the team will act in an advisory capacity to the superintendent. They will also gather ideas, plan student services, express opinions and interpret school policy to other staff members in light of detailed information they receive.

Members of the management team will include all principals, vice principals and the fiscal officer.
