Board-Staff Communications

The Board desires to maintain open channels of communication between itself and the staff. The basic lines of communication, however, will be through the superintendent.

Communications or reports to the Board or any Board committee from any staff member or members should be submitted through the superintendent. This procedure should not be construed as denying the right of any employee to appeal to the Board from administrative decisions provided that the superintendent is notified of the forthcoming appeal and the appeal has been processed in accordance with applicable provisions of collective bargaining agreements and the Board's policies on complaints.

All official communications, policies and directives from the Board of staff interest and concern will be communicated to staff members through the superintendent. The superintendent will employ such media as are appropriate to keep staff fully informed of the Board's problems, concerns and actions.
