

Medical Examinations/Drug Testing

The district may require medical examinations after an employment offer has been made to a job applicant and before the applicant begins his/her employment duties. Any such requirement will ensure that all entering employees in the same job category will complete a medical examination regardless of disability. All offers of employment may be made contingent on medical examination results.

Medical examinations will be conducted by a medical doctor selected by the district. District required medical examination expenses will be paid by the district.

The successful applicant must be qualified and must be able to perform the essential functions of a position with or without reasonable accommodations. The district may withdraw an offer of employment should the medical examination reveal that the individual does not satisfy certain employment criteria under the following conditions:

1. The exclusionary criteria are job related and consistent with business necessity;
2. There is no reasonable accommodation that will enable the individual with a disability to perform the essential functions of the job;
3. The medical condition poses a direct threat to the health or safety of others in the workplace and cannot be eliminated or reduced to an acceptable level by a reasonable modification of policies, practices, procedures or by the provision of auxiliary aids or services;
4. The requested or necessary accommodation would impose an undue hardship on the district, unless funding is available through other sources. Individuals with a disability may be offered an opportunity of paying for a portion of the costs that constitutes an undue hardship or of personally providing the accommodation.

Offers of employment for all positions shall be contingent upon successful passage of the district's drug test. The district will require drug tests for safety-sensitive positions (e.g., bus drivers, heavy machinery operations, teachers, administrators, paraprofessionals) and positions in which the person is responsible for students' safety and security¹. The district will designate when and where such testing will be conducted. Tests will be conducted for marijuana, cocaine, opiates, amphetamines and phencyclidine. The cost of the drug test shall be paid by the district. Candidates who test positive for drugs will be terminated from employment consideration.

¹Based on Lanier—"Safety sensitive" may also include positions that have heavy student contact and in loco parentis responsibility (e.g., teachers, administrators, paraprofessionals).

Information the district receives regarding medical examinations and drug testing will be collected and maintained on separate forms and in separate files apart from personnel files. All such records will be kept confidential, maintained for a minimum of one year and released only in accordance with provisions of the Americans with Disabilities Act or other applicable laws.
