Policy Review and Evaluation/Manual Accuracy Check

In an effort to keep its written policies up-to-date so that they may be used consistently as a basis for Board action and administrative decision, it shall be the policy of the Board to review its policies on a continuing basis. The Board shall also evaluate how the policies have been implemented including the results of its policies. It will rely on the district staff, students, and community to provide evidence of the adopted policies effects.

The superintendent is given the continuing responsibility of calling to the Board's attention all policies that are out-of-date or for other reasons appear to need revision.

The Board directs the superintendent to recall all policy and regulation manuals periodically for administrative review and updating both hard copy and on the district web site.
