Sick Time

“Employee” means an individual who is employed by the district and who is paid on an hourly, stipend or salary basis, and for whom withholding is required under Oregon Revised Statute (ORS) 316.162-316.221. The definition does not include volunteers or independent contractors.

Employees qualify to begin earning and accruing sick time on the first day of employment with the district and are eligible to use sick time beginning on the 91st calendar day of employment with the district.

The Ontario School District shall allow an eligible employee to access up to 40 hours of paid sick time per year. Paid sick time shall accrue at the rate of one hour of paid sick time for every 30 hours the employee works, or 1-1/3 hours for every 40 hours the employee works. Paid sick time of 40 hours shall be front-loaded to an employee on July 1 of each year except for the following classifications of employees: substitutes; probationary classified; off-site coaches; part-time employees working less than 4.5 hours per day. These classifications of employees will be credited sick time as sick time is accrued at the rate aforementioned.

Employees may carry up to 40 hours of unused sick time from one year to the subsequent year. An employee is limited to using no more than 40 hours of sick time in a fiscal year.

Sick time shall be taken in hourly increments except for licensed substitutes which must take sick time in four (4) hour increments, and may be used for the employee’s or a family member’s mental or physical illness, injury or health condition, need for medical diagnosis, care or treatment of a mental or physical illness, injury or health condition or need for preventive care, or for reasons consistent with the Family Medical Leave Act (FMLA) or OFLA. Sick time may also be used in the event of a public health emergency.

The use of sick time may not lead to, or result in, an adverse employment action against the employee.

The district reserves the right after three consecutive days of absence, to require proof of personal illness or injury from an employee, including a medical examination by a physician chosen and paid for by the district. An employee refusing to submit to such an examination or to provide other evidence as required by the district, shall be subject to appropriate disciplinary action, up to and including dismissal.

Sick time will run concurrently with all other applicable leaves currently provided by board policy, state and federal leave laws and under the provisions in the current Ontario School District collective bargaining agreements. Nothing in this policy impacts the district’s sick leave obligations under Oregon Revised Statute 332.507.

If the reason for sick time is a foreseeable absence, the district may require the employee to provide advance notice of their intention to use sick time within 10 days of the requested sick time, or as soon as practicable. When the employee uses sick time for a foreseeable absence, the employee shall take reasonable effort to schedule the sick time in a manner that does not unduly disrupt the operations of the district (e.g., grading deadlines, inservice training, mandatory meetings).

If the reason for sick time is unforeseeable, such as an emergency, accident or sudden illness, the employee shall notify the district as soon as practicable.

The district shall establish a standard process to track the eligibility for sick time of a substitute. In order for a substitute to use accrued sick time, the substitute must have a substitute job previously scheduled with the district 12 hours in advance of requesting use of sick time.
