Media Center Selection and Adoption

All types of materials for district media center will be recommended for purchase by the professional personnel of the media center and approved by the superintendent or designee. Consultation may take place with the administration, staff or parents.

All materials selected will be consistent with the stated principles of selection which apply to all instructional and media center materials.

Additionally, in maintaining and augmenting district media center collections, persons responsible for selection of materials will strive to:

1. Meet the needs of the school based on knowledge of the curriculum and the stated needs of administrators and teachers;
2. Meet the needs of individual students, according to both the stated needs of students and general understanding of students' interests;
3. Provide materials of artistic and literary quality;
4. Provide a balanced collection with a fair proportion of each type of material selected to meet the needs of the curriculum, the students, and professional staff;
5. Provide a wide range of materials with diversity of appeal and different points of view.

To maintain a current and highly usable collection of materials, the media specialist will provide continuing renewal of the collection, not only by addition of up-to-date materials but by the elimination of materials which no longer meet needs.

Gifts to the media center may be accepted if they meet the criteria established for the selection of all instructional materials.
