Employee Identification Badge System

To help ensure the protection of staff and students and reduce the possibilities of theft, vandalism and loss of district property, all district employees shall be issued and visibly wear identification badges when on district property.

The district's photo identification badge system will serve as an instant identification system for security purposes and will assist students, parents and other visitors in identifying school employees. Employees will visibly display the identification card at all times in the performance of their duties on district property.

A badge system, with appropriate designation but without photograph, shall be used for visitors to schools during regular school hours and for substitutes and/or temporary employees.

The superintendent or designee will develop administrative regulations as necessary to implement this policy.
