

Students in Homeless Situations

Students in homeless situations will have access to the same education and other services available to “housed” students that provide the opportunity to meet the state’s academic achievement standards.

A liaison for students in homeless situations will be designated by the district to carry out duties as required by law.

The district will ensure that homeless students are not stigmatized nor segregated on the basis of their status as homeless. Students in homeless situations will be admitted to the district school in the attendance area in which the student is actually living or be allowed to remain in the student’s school of origin as requested by the parent and in accordance with the student’s best interest. Transportation will be provided to and from the student’s school of origin at the request of the parent, or in the case of an unaccompanied student, the district’s liaison for students in homeless situations.

The Superintendent will develop administrative regulations to implement this policy.
