Detention of Students

Students are given four minutes between classes to take care of normal physical needs and to obtain necessary books and supplies from their lockers. This allotted time is meant to eliminate the need to leave class for any reason other than an emergency. Therefore, students may be detained for up to 15 minutes after school for leaving the classroom during regular class time.

Parents are to be notified of the detention and will be required to provide transportation in the case of bus students. In cases where parents cannot provide transportation on short notice the detention will take place the next day, unless other arrangements can be made with the teacher or superintendent.
