## Staff Relations

Staff will be expected to refer matters requiring administrative action to the person to whom they are responsible. That person will refer such matters to the next higher authority when necessary. Additionally, all staff are expected to keep the person to whom they are immediately responsible informed of their activities by whatever means the person in charge deems appropriate.

Lines of authority should not restrict the cooperative working relationship of staff members in developing the best possible district programs and services. This policy does not restrict protected labor relations communications of bargaining unit members. The established lines of authority represent direction of authority and responsibility. When the staff are working together, the lines represent avenues for a two-way flow of ideas to improve the program and operations of the school system.
