Use of Private Vehicles for District Business

The Board discourages the use of private vehicles for district business, including the transportation of students. Staff will use district-owned vehicles whenever possible and should schedule activities and transportation far enough in advance to avoid any nonemergency use of private vehicles.

Regulations for staff use of private vehicles that will safeguard the district, its employees and students in matters of safety, insurance and liability will be developed by the superintendent. The Board will review such regulations at least annually.

No staff member will use a private vehicle for district business, including the transportation of students, without permission from the superintendent. Authorization to use a private vehicle must be obtained before actual use of the vehicle. Staff members who are authorized to use a personal vehicle on district business will be reimbursed in an amount established by the Board.

A student may be allowed to perform district business with his/her own vehicle or a staff member's vehicle with the supervising staff member's permission.
