Early Graduation Requirements**

A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than four years upon the student's request, if required, and the student's parent or guardian consents.

Students who complete the 26 required credits and senior project may request to not attend the eighth semester of their high school career. That student/parent request must be made by the end of the first week of the second semester. If that request is not made, the student will be graded through the end of the school year.

With an approved request, one of the following options must be selected.

1. Immediate receipt of diploma. This means the student will not participate in future student activities (e.g., Sports, Junior/Senior Banquet, Graduation Trip, Graduation Ceremony, etc.)
2. Receipt of diploma at regular graduation. This means the student will not participate in future student activities (e.g., Sports, Junior/Senior Banquet, Graduation Trip, etc.), but student can participate in the graduation ceremony.
