## Development of Administrative Regulations

The Board delegates to the superintendent the function of specifying required actions and designing detailed arrangements under which the district will be operated in accordance with Board policy. These detailed arrangements constitute the administrative regulations governing the district.

In the development of administrative regulations, the superintendent will involve at the planning stage those who would be primarily affected by them; for example, staff members, students, parents, the public. The superintendent evaluates the counsel given by representatives of staff, student, and community organizations. He/She will inform the Board of such counsel in presenting administrative regulations for Board review.

The Board reserves the right to review all administrative regulations and procedures, but it will revise them only when, in the Board's judgment, they are inconsistent with policies and regulations set by the Board.

Board members will receive copies of all new or revised district regulations. Students and staff will be advised of all regulations affecting them.

The Board will adopt administrative regulations when state laws require the Board to do so. It will also adopt administrative regulations when the superintendent recommends Board action.
