A student is considered six years of age and will be admitted into a public school if his/her sixth birthday occurs on or before September 1. A student whose sixth birthday occurs after that date may be admitted to the first grade if he/she has maintained regular attendance in any grade of a public full-time school during the entire school term.

A student will be admitted to kindergarten if his/her fifth birthday occurs on or before September 1, or is a kindergarten student transferring from a public school in another district.

Early entry into school may be allowed for a student whose fifth birthday occurs on or after September 1 but no later than October 1 and who is sufficiently advanced to succeed in the education program based on an analysis by qualified professional staff of his/her: cognitive, social and physical development.

The superintendent shall identify screening processes and instruments which will provide a dependable assessment of the preceding criteria.

Parents will be required to pay the cost of the special testing involved.
