

Board Member Ethics

While serving on the local school board, each member will strive to improve public education and to that end will:

- Attend all regularly scheduled Board meetings insofar as possible and become informed concerning the issues to be considered at those meetings;
- Endeavor to make policy decisions only after full discussion at publicly held Board meetings;
- Render all decisions based on the available facts and independent judgment and refuse to surrender that judgment to individuals or special interest groups;
- Encourage the free expression of opinion by all Board members and seek systematic communications between the Board and students, staff and all elements of the community;
- Work with other Board members to establish effective Board policies and to delegate authority for the administration of the schools to the superintendent;
- Communicate to other Board members and the superintendent expressions of public reaction to Board policies and school programs;
- Stay informed concerning current educational issues by individual study and through participation in programs providing needed information, such as those sponsored by my state and national school boards associations;
- Avoid being placed in a position of conflict of interest and refrain from using my Board position for personal or partisan gain;
- Take no private action that will compromise the Board or administration and respect the confidentiality of information that is privileged under applicable law;
- Remember always that my first and greatest concern must be the educational welfare of the students attending the public schools.
