

Pleasant Hill School District 1

Code: **IGAJ-AR**
Adopted: 1/10/00

Driver Education

The following procedures shall be used in implementing the district's driver education program.

Tuition Rate

Each year prior to the Board's July organization meeting, the superintendent will provide the Board with data regarding the district's driver education program. The data shall include the number of available "slots," the number of "slots" filled, the number of resident and nonresident students enrolled, the cost of the program, the amount of state reimbursement and other appropriate information. From this data, the superintendent will propose a tuition rate for Board adoption each July 1.

Nonresident Student Enrollment

Each August the superintendent may identify districts that might benefit from the district's driver education program.

The superintendent may send a letter inviting nonresident student application. Such application shall establish a "waiting list." The waiting list shall be based upon a "first come, first served" basis. When the resident student enrollment is established, the waiting list will be activated.

All students shall be subject to the district's code of conduct, policies and procedures. Violation may result in disciplinary action to include denial in the driver education program.

Reduction or Waived Tuition

When a student requests a waiver or reduction of the established fee for driver education, a review committee consisting of the student's counselor and a building administrator shall review the request.

The committee shall only consider students who qualify for free or reduced price meals under the federal lunch program or students whose family believes the tuition is a severe hardship.

Tuition waivers or reductions may result in:

1. Accessing a fund set aside to assist needy students;
2. Setting up a work program with the student;
3. Setting up a "payment plan";
4. Other.
