Board – Administrator Communication

The Board recognizes that a team approach to district governance rests upon understanding, trust and good communication among team members.

The Board believes that opportunities for informal interaction and discussion of issues will help team members develop a better working relationship.

Therefore, several times each year, the Management Team will meet in an informal work-session setting for this purpose. Approximate dates for these meetings will be included in the Board's annual calendar, and a committee of Board member(s) and administrator(s) will be chosen to plan such meetings.
