Board Review of Administrative Regulations

Administrative Regulations are the detailed directions governing the operation of the schools. They are to be formulated by the Superintendent or his/her designate.

Administrative Regulations need not be approved by the Board, except as required by law; but the Superintendent may request approval in cases where strong community, staff, or student attitudes make it necessary or advisable for Board approval or in instances where the Superintendent feels that the Board should be involved.

The Board may review administrative regulations at its discretion and may approve, revise, or veto such regulations.
