Staff Conflict of Interest

Employees of the Board will not engage in or have a financial interest in any activity that raises a reasonable question of conflict of interest with their duties and responsibilities as members of the school staff.

The district will not employ any person who is a relative¹ of a Board member or the superintendent without a majority vote of the Board.

No administrator or supervisor shall exercise supervisory authority over a person who is a close relative without a majority vote of the Board.

If personal relationships of staff are deemed to create a potential conflict of interest in the efficient operation of the school, transfers or reassignments may be made.

Relatives of Board members regularly employed by the district prior to the Board member's election shall not be affected by this policy.

No employee of the district may serve as a member of the Board.
