

Curriculum Development

The Board recognizes a need for a systematic, continuous program of curriculum development and improvement. The administration and staff shall investigate new curricula and recommend modifications of current programs and practice changes in curriculum content and addition of new courses and offerings within the instructional program.

Curriculum development activities are considered to be a regular part of teaching responsibilities.

The Superintendent shall be responsible for regular reports to the Board concerning curriculum.

The curriculum shall contain all courses required by law and by the State Department of Education.
