

Club Sport Application (Community Funded)

Procedures

Oregon School Activities Association (OSAA) Constitution stipulates specific direction for control of private or donated funds to assist in supporting student programs.

In order to comply with the OSAA Constitution, Phoenix-Talent School District requires complete compliance by any organization sponsoring a sport. In that we recognize an infraction of the constitution could jeopardize all of the District's volunteer sports programs, extreme care must be used. Immediate disbandment of any volunteer sport will automatically occur if any infraction of the OSAA Constitution is detected.

- Transportation for all events will be in accordance with District guidelines.
- The District will pay for all officials, but will be reimbursed by the Club Sport for all costs.
- The Club Sport will be responsible for any applicable association fees.
- The cost of substitutes for coaches/advisors who must be out of the classroom for approved events will be the responsibility of the Club Sport.

All money collected for the purpose of funding a Club Sport will be deposited in the appropriate school student body account. All receipts and expenditures will follow the school procedure for depositing and purchasing from the student body account, which will include student body approval. The School District will audit all expenditures to ensure that the OSAA Constitution and public purchase laws are followed.

All funds collected for support of a Club Sport becomes the property of the School District and, thereby, under the management of the School District.

Compensation of Coaches

If a coach is to receive monetary compensation, the following steps are to be followed:

- The school bookkeeper will write a check to the District in an amount equal to the Coach's wage, plus all employer cost (Social Security, Worker's Compensation and PERS, if applicable).
- The District will then write a payroll check, making appropriate withholdings, to the designated person, after receipt of written direction from the club officer(s) responsible for financial matters and approved by appropriate school personnel.
