

Student Performances

The Board encourages the administration and staff to provide opportunities for public performances of individuals or groups when such performances are an outgrowth of a classroom-learning situation or an authorized school program.

Performances should not interfere with regularly scheduled activities and classes and must be approved by the building principal. Building principals shall develop regulations for student performances as are appropriate to the students within their buildings.

Students participating in public performances shall conduct themselves appropriately at all times. Principals and staff shall exercise care to protect students from excessive demands on their time and energies.
