

Admission of Non-Resident Students

The Board reserves the right to accept/reject non-resident students based upon the availability of space, resources, personnel, appropriate programs and a positive review of educational records.

The Board shall deny regular school admission to non-resident students who are under expulsion from another school district for a weapons policy violation. The Board may, based on District criteria, deny regular school or alternative program admission to non-resident students who are under expulsion from another District for reasons other than a weapons policy violation.

The District may enroll non-resident students as follows:

1. By written consent of the affected school boards. The student becomes a “resident pupil” of the attending district thereby allowing the attending district to receive State School Fund moneys;
2. By unilaterally admitting with tuition a non-resident student whereby neither district is eligible for State School Fund moneys.
