

# Pilot Rock School District 2R

Code: **EEAB-AR**

Revised/Reviewed: 5/20/98; 1/18/17

Orig. Code(s): EEAB-AR

## **Payment in Lieu of Bus Route Service**

In cases where transportation is needed but it is not considered feasible to furnish bus transportation, agreements may be reached between the district and parents, or caregivers, for furnishing transportation to school or to the bus route whichever is closest.

Payment to parents for approved transportation of their child(ren) to a designated location will be based on one round trip per day. Where more than one family is involved in transporting their children from the same area, the district may determine to pay only one family to transport the children from the area.

Determination of the mileage to the designated location will be made by the bus supervisor and approved by the superintendent.
