Staff/Student/Parent Relations**

The Board believes it is appropriate to assure students have frequent and continuing contact with and support from parents. In concert with that belief, the Board directs the administration to make all reasonable attempts to encourage parents in the rights and responsibilities of their student.

The Board encourages both parents to be involved in their student's school affairs and unless otherwise ordered by the courts, an order of sole custody on the part on one parent shall not deprive the other parent of the following authority as it relates to:

1. Receiving and inspecting school records and consulting with school staff concerning the student's welfare and education, to the same extent as provided the parent having sole custody;
2. Authorizing emergency medical, dental, psychological, psychiatric or other health care for the student if the custodial parent is, for practical reasons, unavailable.

It is the responsibility of the parent with sole custody to provide any court order that curtails the rights of the noncustodial parent at the time of enrollment or any other time a court order is issued.

Unless provided by court order or a parental plan, a student shall not be released to the noncustodial parent nor shall the noncustodial parent be granted visitation or phone access during the school day.

In case of joint custody, the district will adhere to all conditions specified and ordered by the court. The district may request in writing and special requests or clarifications in areas concerning the student and the district's relationship and responsibilities.
