Evaluation of the Superintendent

The superintendent's job performance will be formally evaluated at least once a year based on the administrative job description, any applicable standards of performance, Board policy and progress in attaining any goals for the year established by the superintendent and/or the Board. An informal evaluation session will be scheduled in accordance with the superintendent's contract.

Additional criteria for the evaluation, if any, will be developed at a public Board meeting prior to conducting the evaluation, and the superintendent will be notified of the additional criteria prior to the evaluation.

The Board's discussion and conferences with and about the superintendent and his/her performance will be in executive session, unless the superintendent requests an open session; however, such an executive session will not include directives about or a general evaluation of any district goal, objective or operation. Results of the evaluation will be written and placed in the superintendent's personnel file.

Any time the superintendent's performance is deemed to be unsatisfactory, the superintendent will be notified in writing of specific areas to be remedied and will be given an opportunity to correct the problem(s). If performance continues to be unsatisfactory, the Board may dismiss the superintendent pursuant to Board policy, the employment contract with the superintendent and state law and rules.
