Cocurricular/Extracurricular Activities

The Board recognizes extracurricular activities, when properly planned and conducted in an appropriate, safe environment, represent an essential part of the educational experience. The Board supports such extracurricular activities and will attempt to make them available on a voluntary basis to the students. It is the Board's goal to provide each student with a balanced program of academic studies and extracurricular activities to be determined by the school, the parents and the students.

Extracurricular activities will be organized, supervised activities conducted under the auspices of the district, specific school or an element thereof and on district property, which primarily involve students in other than a classroom situation and for which no credit separate from the approved course shall be given.

The following may be considered extracurricular activities:

1. Student government and its related activities and organizations;
2. Musical festivals or contests, speaking activities and drama;
3. Organized activities which are part of interscholastic athletics;
4. All types of interscholastic competition;
5. Special interest clubs.

The Board will approve specific extracurricular activities through the authority it extends to the principals to authorize and administer them in keeping with this policy and any Board-approved regulations.
