Visitors to District Facilities**

The Board encourages citizens, taxpayers and parents to visit the schools in the district. The Board believes that the parents of students attending the schools may have special needs, in addition to those of taxpayers generally, to keep themselves informed as to the day-to-day operation of the schools. All visitors are asked to check in to the school office before visiting the school.

The superintendent is directed to continue strong efforts to ensure that parents of school students are not only aware of the above policy but that they are cordially invited to visit the schools. Direct communication to families, as well as the use of parent organizations and other school meetings, to advertise this policy is encouraged.

Any unauthorized person on district property will be reported to the superintendent or designee. The person may be asked to leave. Police may be called if the situation warrants such measures.

Students will not be permitted to bring visitors to school without prior approval of the superintendent or designee.
