

### **Community-Funded Activities**

Fundraising conducted on behalf of the district by nonschool individuals, groups and organizations must meet established Board policy and administrative regulations governing such activities.

Under no circumstances will students or staff be coerced or compelled to participate in fundraising activities. Students may not be barred or otherwise penalized because of participation in or refusal to participate in fundraising activities conducted on behalf of the district.

Any unspent funds donated or raised on behalf of the district will be retained by the district in the appropriate program or activity account or general fund as deemed appropriate by the Board.
