

Rainier School District 13

Code: **CD**
Adopted: 7/01/89

Management Team

The Board of Education endorses and supports the concept of team management in the administration of the district.

The superintendent shall lead, determine the structure and designate membership for the total management team. The management team will consist of the directors of fiscal services, personnel, curriculum, maintenance/grounds, transportation, and the principals and vice principals. All will be evaluated by the superintendent with the exception of the vice principal who will be evaluated by the principal. The multiple responsibilities of the superintendent can better be served by establishing a means which will permit the best thinking of all staff members.

Members of the team will act in an advisory capacity to the superintendent. They will also gather ideas, plan student services, and interpret school policy to other staff members in light of information they have received.

END OF POLICY
